

**We can handle all your
shredding and recycling requirements
big or small.**

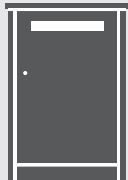

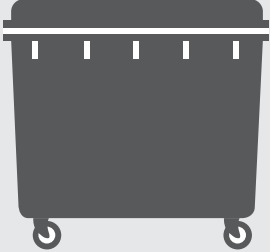

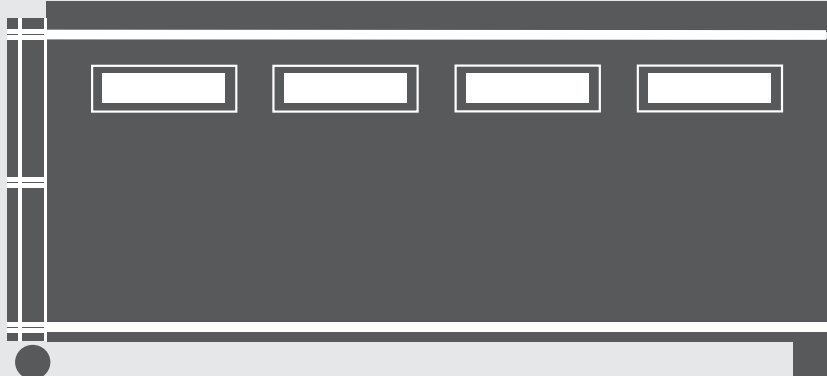

Shredding consoles, wheelie bins and paper recycling

We help you to maintain a secure chain of custody for paper, hard drives and USBs by offering a range of security receptacles to suit.

Security (paper) bags are supplied free of charge for clear-outs and even the bag is shredded. Consoles (various colours) and wheelie bins are used in office environments. Roll-on, roll-off containers are used by customers producing large amounts of paper. Everything we collect is shredded and recycled.
