

The Shredding Alliance. A vital ally in the waste hierarchy.

We service 7500 customers through 20 regional depots shredding and recycling over 40,000 tonnes of paper annually. Why not join them and let us do more together?

Helping brokers and waste managers with secure shredding services.

The UK operates as a single waste management and infrastructure market built around the waste hierarchy but England, Scotland, Wales and Northern Ireland have their own environmental policies, strategies and regulations. At The Shredding Alliance, we work in all four UK regions with brokers and waste managers large and small - focusing on value-add secure shredding, resource recovery through re-use, recycling and reprocessing.

The Shredding Alliance at a glance

| | |
|-----------------|--|
| 7,500 | UK customers |
| 10,000+ | Sites / locations (multi-nationals, SMEs, Government, FMs) |
